DO YOU PICK YOUR SKIN?

Have you tried different medications but are still struggling to stop picking your skin?

We are currently seeking volunteers for a 12 week research study using an experimental drug for skin picking.

The study involves five study visits. Participants will be compensated. You must be at least 18 years or older to participate.

If interested, please contact a study staff at 773-702-9066

University of Chicago Medical Center

Dr. Jon Grant is directing this study at the University of Chicago.
