DOES YOUR CHILD OVEREAT?

Does your child eat when not hungry? Start eating again right after a meal is over? Seem to eat when upset or stressed? If so, he or she may qualify for a University of Chicago study.

- Volunteers must be ages 9–12
- Volunteers must be overweight

What is involved?
- Up to 2 outpatient study visits involving non-invasive procedures and testing
- Participants earn $50 for each study visit (2 visits)
- All visits take place at the University of Chicago in Hyde Park
